

control: telecommunication costs

SmartAnalysisTM | Take control of your business

Eutility was established in 1979 and now boast a leading presence in energy, telecommunications and utility reduction internationally, including Australia, New Zealand, Singapore and the United Kingdom.

Eutility receive hundreds of proposals, quotes, offers, pricing and contracts weekly; allowing precise understanding of exactly how far suppliers are willing to go with service and reduced costs.

Telecommunications usage and costs

It is not necessary to change retailers. Allow Eutility to keep your current supplier **honest**.

Our process involves intensive **interaction** with all suppliers and carriers.

Allow our customer care team to remove all the worry associated with tender and contract implementation, as well as providing ongoing actual **savings**.

The Eutility team were very professional and their attention to detail was excellent. We now look forward to Eutility auditing the revised invoices to ensure the correct prices are implemented and seeing the savings hit the bottom line.

- Yum! Restaurants International

May we take this opportunity to thank the team at Eutility for the services provided to Miele Australia over the last 3 months. We were most impressed with the detailed analysis, professionalism and market knowledge provided by Eutility, not to mention the big cost savings achieved! The entire process is a testament to a professional organisation.
